**FAQ**

The background of the top half of the page features a large gear with the word "Intro" in its center. Surrounding this central gear are several smaller gears and icons: a red gear with a circular arrow icon, a green gear with a padlock icon, and a blue gear with a person icon. The entire graphic is set against a purple background.

# Intro

*The world is constantly developing and with that comes difficult problems that need to be solved.*

*The Navcoin project addresses these problems while maintaining a person's natural right to privacy and freedom*

## Problems

# About NavCoin

*NavCoin is an open-source privacy-focused cryptocurrency, that lowers the cost of doing business in the Web3 economy.*

*Nobody owns or controls NavCoin, and everyone can take part in its development. It's a platform that's run by its users, for its users - with an incentivised network of nodes verifying payments all around the world.*

**The main NavCoin goals are:**

***For users.*** Give people back their rights to stay private

***For businesses.*** Provide decentralized and super fast payments with almost zero fees

***For NavCoin community.*** Enable each user to participate in the project development

***For investors.*** Provide an opportunity to have passive income

**Privacy**

**Decentralized  
governance**
